OFFICE OF PETITIONS

REQUEST FOR RECONSIDERATION FOR PETITION TO REVIVE

Mail Stop: Petitions
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Applicants hereby petition to withdraw the holding of abandonment in the above-referenced Utility Patent Application for failure to receive a Notice of Allowance.

In the Decision of the Petition to Revive mailed May 15, 2009, the Examiner alleges that Applicants did not submit a copy of the relevant portion of a master docket showing non-receipt of a Notice of Allowance. Applicants respectfully disagree.

In the Petition to Revive filed February 25, 2009, Applicants enclosed a copy of a printout of the master docket record dated February 23, 2009. A copy of that master docket record is attached. The master docket record illustrates that a Notice of Allowance dated October 14, 2008, was not received nor entered in the docket. Such a docket entry would have been entered on page 4 of the master docket record at the entry point indicated by the "**** →". Rather, as illustrated in the master docket record of February 23, 2009, the last entry docketed is the filing of the Request for Continued Examination filed on September 8, 2008. To illustrate this point further, Applicants have attached a printout of the current master docket record dated

13DV-14119
PATENT

July 09, 2009 which illustrates that a Notice of Allowance was docketed after receipt of the Notice of Abandonment, dated February 10, 2009, for failing to timely pay the issue fee. In the current master docket record, the Notice of Allowance is now illustrated along with the proper status checks regarding issue fee payment due dates and Notice of Abandonment dates. None of such docket entries were possible nor entered in the master docket record prior to receipt of the Notice of Abandonment, dated February 10, 2009.

Thus, Applicants respectfully submit that our office did not receive the Notice of Allowance mailed by the U.S. Patent and Trademark Office ("PTO") on October 14, 2008. Rather, Applicants' first notification that the PTO had mailed a Notice of Allowance was the receipt of the Notice of Abandonment, dated February 10, 2009, for failing to timely pay the issue fee. The following authorization and statements are provided in support of this Petition, Applicants state:

1. A search of the file jacket and the docket records in the attorney's office indicates that this Notice of Allowance was not received. Attached, is an affidavit by the undersigned, Robert B. Reeser, III, attorney with Armstrong Teasdale LLP, attesting that upon examination of the application's file jacket and docket records, Applicants' file indicates that the last correspondence received from the PTO is the Advisory Action dated August 27, 2008, which was received and docketed by Applicants on September 2, 2008. Moreover, Robert Reeser attests that prior to receiving the Notice of Abandonment, the master docket record did not include the Notice of Allowance, dated October 14, 2008.
2. This Petition is being filed within (2) months of the Decision on the petition filed February 24, 2009.
3. Enclosed is a copy of a printout of the master docket record where the non-received Notice of Allowance would have been entered had it been received and

13DV-14119
PATENT

docketed (please see highlighted portion). Applicants' understanding is that the PTO's records indicate that the Notice of Allowance was mailed on October 14, 2008. With a mailing date of October 14, 2008, the issue fee would have been due January 14, 2009. The enclosed master docket record does not include such an action due in the present application, which has an internal reference number of 12729-188. The last entry on the enclosed master docket is the filing of the request for continued examination filed on September 8, 2008. Further, Applicants have attached a printout of the current master docket record showing where the Notice of Allowance was entered after receipt of the Notice of Abandonment, dated February 10, 2009, for failing to timely pay the issue fee.

4. Additionally, in anticipation that the Applicants' Petition to Revive will be granted, Applicants submit herewith:

a) authorization to charge the issue fee and publication fee is set forth below in Paragraph (5); and

b) authorization to charge the petition fee (37 C.F.R. 1.17(l)) is set forth below in Paragraph (5).

5. Fees:

a.	Payment of the issue fee required	\$ 1,510.00
b.	Payment of the publication fee	\$ 300.00
c.	Petition Fee (37 C.F.R. 1.17(l))	\$ 540.00
	TOTAL FEES DUE:	\$ 2,350.00

d. The Commissioner is hereby authorized to charge payment of the total fees due in the amount of \$2,350.00, any deficiencies in the enclosed fees, or

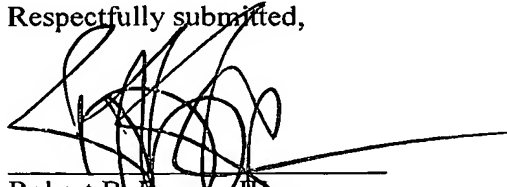

13DV-14119
PATENT

credit any overpayment, to Deposit Account No. 01-2384. (A duplicate of this petition is enclosed.)

Applicants respectfully submit that Applicants' file jacket and docket report are evidence in support of the Applicants' declaration that the Notice of Allowance was never received. Therefore, Applicants respectfully request that the holding of abandonment for failure to pay the issue fee be withdrawn.

For the reasons set forth above, Applicants respectfully request that the holding of abandonment be withdrawn, or in the alternative, that the subject application be revived.

Respectfully submitted,
